Encouraging Words Knowledge/Wisdom

Transform

To transform means to change into a better version of yourself than before. The hope is to identify what needs to be changed. When you're transforming, there're many stages that you may go through, not every stage that you go through maybe as easy as the next stage of transformation. “Do not conform to the pattern of this world but be transformed by the renewing of your mind.”

Read: Romans 12:2; and Ephesians 14:20-24
